**Yokohama, Japan – March 26, 2024** – Liquid Design Systems (LDS), a leading provider of healthcare DX solutions, today announced the launch of 5 Elements Doctor, an innovative mobile app that helps users visualize their health and beauty status. The service is scheduled to be released in 2024.

5 Elements Doctor combines blood pressure measurement with the wisdom of traditional Chinese medicine to provide early detection and prevention of subclinical conditions and support beauty. The service is free to use and available on mobile devices.

**Key Features:**

- **Visualizes health status in 60 seconds:** Simply by measuring your blood pressure, 5 Elements Doctor can visualize your current physical condition and skin condition.
- **Personalized health analysis based on the Five Elements theory:** The service uses the Five Elements theory of traditional Chinese medicine to provide a personalized analysis of your health status.
- **12 types of improvement advice:** 5 Elements Doctor offers 12 types of advice to support the improvement and prevention of subclinical conditions and beauty, including recommended foods, exercises, and lifestyle changes.
- **Automatic recording of measurement results:** The service automatically records your measurement results, allowing you to track your health and skin trends and take appropriate measures.
